Method of Payment: _____ Amount $ _____

Payment received by:_____ Date _____

Make Check Payable to: Oldham County Environmental Authority
700 W. Jefferson Street
LaGrange, Kentucky 40031

OCEA Average Wastewater Flows

Other Dwellings or Structure Development Types	Average Gallons Per Day
Schools (per student)	15
Offices (per employee)	15
Motel/Hotel Rooms	100
Nursing Homes (per bed)	100
Mobile Homes	200
Laundromats (per washer machine)	400
Industrial (per acre)	1000
Commercial (per acre)	2000

These values may be used to calculate a capacity fee for the listed development types when measured flow records are not available. Where measurement records exist to establish average daily gallons per day, they are to be used. For development types not listed an average gallon per day figure will be developed from reasonably available information.
